### **Caring for the earth**

Use tap water rather than more carbon-intensive bottled water when you can. Invest in a non-plastic water bottle instead and give the money you'll save to provide clean water, help poor people adapt to climate change, and more besides at [www.tearfund.org/carbonfast](http://www.tearfund.org/carbonfast)

The poor and needy search for water, but there is none; their tongues are parched with thirst. But I the Lord will answer them; I, the God of Israel, will not forsake them.' (Isaiah 41:17)

Water, sanitation, food and climate change are often considered as separate issues. But they're closely linked and need to be considered together if we are to see how to overcome poverty.

Pray for governments to see this and to develop integrated approaches to helping communities to develop and respond to these issues.

Want to know more? Read Tearfund's report **Adaptation United on the need to integrate responses to help people adapt to climate change.**

### **Prayer for the Mission Team**

Almighty and most merciful God, we pray for the ministry of the Mission Team to Labrador and for the building up of Your kingdom. May all the ministry that is done be to your glory and the expanse of your kingdom. We pray that the seeds of faith that will be scattered will grow strong and true and the harvest be a blessing to their communities in Labrador. This we ask in your most precious name. Amen.
